

Introduction

Kombo East youth and Children Development Alliance (KEYCDA) is a youth and child led organization established by young people of Kombo East District with the spirit to unify and empower the young people of the District.

KEYCDA since inception has upheld to this spirit and continue to provide enabling environment for young people to be united and harness their innate potentials.

This report represents the activities conducted by the Alliance during the year under review 2023.

Objectives

- Seek to inform the general membership of KEYCDA and partners as to the activities conducted over the year.
- It seek to identify our best practices and achievements
- It seeks to identify our gaps and the way to mitigate the further occurrence of some of the challenges and mistakes we underwent during the period under review.
- It will help guide us in the planning of our future programs and activities.

Main Activities

During the year under review, KEYCDA embarks on series of activities both within and outside the District. Below are some of the activities recorded:

Capacity Building

KEYCDA has organised series of capacity building initiative for the young people of District but equally members of the organization participated in different capacity building programs organised by partners and other organizations.

KEYCDA Innovative Leadership Program (KILP)

KEYCDA inaugurated the maiden Leadership Program. The KILP program is designed to inculcate and nurture responsible leadership concept for sustainable community development into the young people.

The program came as a result of the leadership gaps seen to be existing within our communities and the country at large.

The program has successfully graduated nineteen young people from within Kombo East and Beyond as its first cohort.

We are happy to report that, the program has indeed benefited the participants, the manifestation of which is the launching of a street light project by one of the participants in her community. All the participants have their own project to run within their various communities.

Members of KEYCDA Attended Youth Connekt. Gambia
